Good morning Cheryle -

It has been 7 years and 3 months since I stepped out of WRS into the world to start a new life in recovery. First, I want to thank you and all of your staff for what you have given me and my children. We have such an amazing life today. Mariah, is excelling in school and has really adjusted well to life. Thanks to you and the counselors I had 2 babies (both clean and sober) as well as an amazing partner, who is present and available both for the children and me. When I walked into WRS I really did not know how to live. Because of the dedication of your staff, I walked out of WRS armed with tools for living. I have been employed for 5 years at a local child care agency, and have become a Parent Advocate as well as a Resource Specialist. I could not hold down a job in my addiction, and I feel endlessly grateful to you and the work you do.

It has been heavy in my heart to give back to you and the women in your program. Please, when there is an opening or service needed please consider calling on me at any time. I am interested in volunteering to take the women to a meeting once a week. Let me know if there is any other service needed.

I really cannot tell you in words what your agency has done in my life. It has affected every area of our lives. It has affected us in every day of our life for the past 7years. I am grateful to have been clean and sober from the day I walked out of WRS and still a non-smoker too! Thank you! I pray the blessings come back on all of you 10 folds!

Jane
